

ACIBADEM is Keen on Sharing Knowledge

The teachers at İSTEK Acıbadem Foreign Languages Department note that they feel like a busy bees fleeing around with the feeling of honor because of the holy jobs they are doing. They also believe that sharing knowledge with other colleagues is as important as teaching. Most of them try to attend competitions as participants, and workshops and seminars as speakers. They have the courage of their convictions to share their knowledge.

Merve OFLAZ, an English Teacher at İSTEK Acıbadem Schools, has been preparing for the 3rd World Conference on Educational Sciences (<http://www.wces.info/>) as a presenter and an author. The Conference will take place in Bahçeşehir University between 3 and 7 February. The title of her presentation and article is '**The Right and Left Brain Dominance in Language Learning**'. (http://www.wces.info/WCES%202011_Programme_13.01.2011.pdf) Nearly a thousand of participants from all over the world will be presenting their researches at this conference.

Merve OFLAZ says that '*İSTEK has been the first stepping stone to my success. I am very proud of being graduated from İSTEK Atanur Oğuz High School and I am so happy to be a member of İSTEK Acıbadem Family.*'

İSTEK Acıbadem Okulları'ndan Merve OFLAZ adlı İngilizce öğretmeni yazar ve konuşmacı olarak 3. Dünya Eğitim Bilimleri Kongresi'ne (<http://www.wces.info/>) hazırlanıyor. Kongre 3 ve 7 Şubat tarihleri arasında Bahçeşehir Üniversitesi'nde gerçekleşecek. Öğretmenimizin sunum ve makalesinin adı ('**The Right and Left Brain Dominance in Language Learning**').

(http://www.wces.info/WCES%202011_Programme_13.01.2011.pdf) Kongrede dünyanın bir çok yerinden 1000'e yakın katılımcı araştırmalarını sunacak.
